📍 Bengaluru, India

Professional Summary

Motivated Python Developer with experience in Machine Learning, Data Analysis, and Web Development. Passionate about building AI solutions using Python and modern machine learning libraries.

Skills

- Python
- Machine Learning
- Deep Learning
- SQL
- Pandas
- NumPy
- Scikit-learn
- TensorFlow
- Git
- Docker
- Flask

Education

Bachelor of Technology (Computer Science)

XYZ University

2021–2025

Projects

Parkinson's Disease Detection

- Built an ML model using Random Forest.
- Achieved 94% accuracy.

Phishing Website Detection

- Developed a phishing detection model using XGBoost.
- Created a web interface for predictions.

Fashion Image Clustering

- Applied K-Means clustering on image embeddings.
- Visualised image clusters.

Experience

Machine Learning Intern

ABC Technologies

Jan 2025 – May 2025

Worked on:

- Data preprocessing
- Feature engineering
- Model evaluation
- Classification models

Certifications

- Python for Data Science
